Tera Handy

Val was voted back onto the community council.

STEM Presentation by Ruth Moore and Shanda Allen

What's needed:

- time and training (professional learning)
- as a result more materials will be needed
- math aids
- are there any other ideas on how to use this money?

STEM proposal-

1st grade- \$526.74 for new book sets of National Geographic.

3rd grade- a bunch of different supplies for different lessons throughout the year. Most specific gram and kilogram scales.

5th grade-\$512.54 for for science materials.

1st grade-approved for \$526.74

3rd-approved for \$500.00 for scales, solar ovens and then.

5th-approved for \$512.54

Gifted & Talented Preliminary

We get \$25.32 per student

Propose to resurrect the STEM committee by having teachers lead this and going to conferences and coming back to teach others.

Approved!

Trust Land Plan Proposal

\$33,000 for instructional assistants

\$3000 for software

\$14,000 for equipment

We need to be more of a STEM school.

Approved!

Next meeting May 14th at 3 o'clock.
